Japanese N5 Level

## Experience

### ○ January 11,2023 - April 10, 2023

Accenture Inc.

### Intern

During my internship at Accenture Inc., I worked as an Automation Developer and Tester within an agile development environment. My primary responsibilities included developing and testing automation solutions for various projects. I collaborated with a team of professionals to enhance efficiency and streamline processes.

### ● Key Achievements and Responsibilities:

- Developed and implemented automation testing frameworks using Python, Selenium, and Salesforce technologies.
- Collaborated with cross-functional teams to design and execute comprehensive test plans, ensuring the quality and reliability of software products.
- Contributed to the iterative development process through active participation in daily stand-up meetings, sprint planning, and retrospective sessions.
- Successfully completed a Japanese language learning course, achieving N5 certification level.
